## ABOUT ME

Hardworking and reliable Software Engineer, offering 12+ years of experience. Highly organized, proactive with a quality-first mentality

## PROFESSIONAL SKILLS

## SELF LEARNING SKILLS

## LANGUAGES KNOWN

## HOBBIES

- 🎮 Playing Computer Games
- 🏏 Playing Cricket
- 💻 Learn and Build Web App
- 📺 Watching Bengali Web Series

## EXPERIENCE

### Wipro Technologies (Nov 2011 - Till Date)

- Experienced in automating various test modules using Selenium with testng+cucumber bdd framework in java
- Maintained and updated automated test scenarios to meet dynamic customer requirements as part of agile development and always ensured product quality
- Proficient in writing complex queries using joins, inner queries, data ranking, aggregation, data pivot etc. to fetch and validate data
- Have worked on various database events like triggers, procedures, anonymous blocks etc. to perform data quality check on loading
- Experienced in wrting shell script to automate testing of the data load, data validation etc.
- Have worked on batchload automation using BMC Control M software to test the job scheduling in production environment for different ETL processes
- Have day to day use experience of Linux distributions like Ubuntu, Arch Linux. Proficient in everyday linux commands. Experienced in using Virtualization softwares like VMWARE, Oracle VirtualBox etc.
- Proficient in STLC (Software Testing Life Cycle). Experienced in requirement gathering and analysis, test scenario identification, test case designing, rtm, test execution, defect management, reporting, data analysis etc.
- Have good investment banking knowledge on front office sourcing, FRTB (especially FRTB SA).
- Have experience on prompting AI chatbot like, Microsoft Copilot, ChatGPT 3.5 to enhance productivity and ease day to day work like convert test scenarios to test cases, converting test cases in excel format to be uploadable to HP ALM QC, optimize queries to analyse data faster etc.
- Have experience in Agile methodologies. In our projects we have used Kanban, with JIRA to maximize efficiency as a team
- Proficient in using different softwares for our day to day tasks, like: MS Excel, MS Word, Notepad++, Tectia, Oracle SQL, Allround Automations' PL/SQL, BMC Control M, VS Code, IntelliJ Idea, Sublime Text, Sublime Merge, Terminator, Gimp etc.
- Have worked with HTML, CSS, Bootstrap (CSS Framework), React etc. to pursue my passion to learn front end web development (2023-2024)

## CERTIFICATION

### Oracle Cloud Infrastructure 2023 AI Certified Foundations Associate

URL: <https://catalog-education.oracle.com/pls/certview/sharebadge?id=39BE86F2EE50F496FB1D59B0DF22A38F2CC72BA45E18F3C4C3BED4ED468C2A1D>

Acquired On: 24 February, 2024

Valid Till: 27 February, 2026

## EDUCATION

**B.Tech in Electrical Engineering** from **Haldia Institute of Technologies** under **W.B.U.T** (2007-2011)
